OFFER**

Try it for **free**, for two weeks,  
in your own network

Contact us now for full details on **01628 400666**

Quote reference **RWWG1**

---

*Restrict access to social networking sites for most employees, yet permit access for your marketing team*

---

*Prevent staff from illegally downloading copyrighted files, for which you could be prosecuted*

---

*Simplify your security with firewall, anti-virus, application control, spam blocker, intrusion prevention and more – all in one box*

---

*Better understand which web sites your employees use to improve Internet performance*

---

*Ensure that your protection against viruses, infections and unauthorised attacks is always fully up-to-date*

## Special offer: **Free trial**

For a limited time only, DYTS is offering small and medium-sized companies the opportunity to evaluate a WatchGuard XTM product for free, in their own networks, for two weeks, with no up-front investment.

### **DYTS will\*:**

- ✓ Supply, install and configure a WatchGuard XTM device
- ✓ Supply, install and set up a Microsoft Windows server to support the solution
- ✓ Analyse data collected and provide a range of reports on application use, sites visited, web traffic, threats blocked and other key indicators of IT security
- ✓ Conduct a mini assessment of your entire IT security environment

## **Expert Advice, Local Support**

*Based in Marlow in Buckinghamshire, DYTS is an independent company that provides expert IT security advice and practical on-site support. We can take care of all aspects of your IT security, from installing new products and setting up your Internet connection to maintaining your software licenses and providing support.*
